

CHAMEERA KAVINDA

Software Engineer Intern

Motivated Software Engineering graduate with a strong interest in Artificial Intelligence and Data Analytics. Experienced in Python, R, and building data-driven solutions including machine learning models and analytical applications. Skilled in data cleaning, exploratory data analysis (EDA), and developing intelligent systems. Passionate about leveraging data to solve real-world business problems and continuously learning emerging AI technologies.

EDUCATION

BSc (Hons) Software Engineering

Cardiff Metropolitan University

Completed – 11/2025 Second Class Upper Division

Relevant Coursework:

- Analytics and Business Intelligence (R, QGIS, Geo APIs)
- Computational Intelligence (Python, Google Colab, Kaggle)
- Business Analytics (R Programming)

Advance Level-Engineering Technology

Dharmaraja College - Kandy

2018 - 2021

CERTIFICATION

Buildthon 2024 – Hackathon Finalist

Selected as one of the **Top 10 Finalists** in Buildthon 2024, a national-level hackthon organized by **ICBT Colombo Campus**

ADDITIONAL QUALIFICATIONS

- Diploma in Basic Computer Science – SICS Institute (Credit Pass)
- Diploma in Computer Science – Sisu Saviya Vocational Programme (Grade A)

AI & DATA PROJECTS

Higher Education Data Analytics & GIS

07/2025- 10/2025

Project (Sri Lanka)

- Performed data cleaning and exploratory data analysis (EDA) using R
- Built statistical models to identify factors affecting university rankings
- Developed data visualizations (graphs, plots) for insights and reporting
- Created geospatial maps using QGIS for education data analysis in Sri Lanka
- Conducted spatial analysis to identify suitable land for a proposed R&D center
- Tools: R, RStudio, QGIS, PostgreSQL, Google Earth

House Price Prediction Model

07/2025- 10/2025

- Developed a machine learning model using Python to predict house prices using a Kaggle dataset
- Performed data cleaning, preprocessing, and exploratory data analysis (EDA)
- Applied regression algorithms and evaluated model performance
- Tools: Python, Pandas, NumPy, Scikit-learn, Google Colab

AI-based Mental Health App (Mind-Well)

10/2024- 11/2024

- Developed an AI-powered application using Next.js and Gemini API
- Integrated intelligent response generation for user interactions
- Focused on improving user engagement through AI-based features

OTHER PROJECTS

Book Management System

Present-03/2026

- .Net | Angular | MySQL

Sri Lankan Handicraft Platform

07/2025- 12/2025

- Spring Boot | React Js | MySQL

Blanket Management System

06/2025- 07/2025

- C# | MySQL | HTML | CSS | JavaScript

Cab Booking Management System

02/2025- 04/2025

- Advanced Java | JavaScript | MySQL |

Hotel Management System

11/2024- 03/2025

- HTML | CSS | JavaScript

SOFT SKILLS

- Analytical Thinking
- Problem Solving
- Communication Skills
- Team Collaboration
- Self-Learning & Adaptability

TECHNICAL SKILLS

Programming Languages

Python | R | Java | PHP | JavaScript | SQL| PHP | C# | JavaScript | SQL

Data & AI Skills

- Data Cleaning & Preprocessing
- Exploratory Data Analysis (EDA)
- Statistical Analysis & Modeling
- Machine Learning (basic models & evaluation)
- Data Visualization & Reporting

Frameworks & Libraries

Flutter | Spring Boot | Laravel | React.js | Next.js

Tools & Technologies

Google Colab | Kaggle | QGIS | Git & GitHub
NumPy | Pandas (basic) | Scikit-learn (basic) | IntelliJ IDEA |
Eclipse IDE | Visual Studio | QGIS | R | Git & GitHub

Web & Software Development

HTML, CSS, Bootstrap | REST APIs | Responsive Web
Design | CRUD Applications

WORK EXPERIENCE

fusionwavesystems.pvt.ltd

Part-Time Software Developer

06/2025 - Present

Achievements/Tasks

Develop and maintain frontend and backend components for client projects in a collaborative team environment.

- **Company Link:** fusionwavesystems.com

Freelance Software Developer

11/2023 - Present

Achievements/Tasks

Designed and developed **web applications** and **academic projects** for clients

LANGUAGES

- English
(Fluent)
- Sinhala
(Native)
